Take the hassle out of preparing a picnic for your outdoor event by ordering one of our freshly prepared hampers. As with all the provisions at Willington Green Delicatessen, quality is an important factor in keeping our customers happy. Much of our range is supplied from local sources and we have a delicious range of hand made cheeses and cakes.

We can prepare hampers for 2 people or more. However, for small numbers, it may not be possible to offer the selection of food possible for a larger party.

Choose the components you would like in your hamper, writing the quantity of each component in the left hand column. The total cost can then be entered in the right hand column with the grand total at the bottom. Total payment is required at the time of ordering, together with a deposit of £20 per hamper.

Please return the hamper, together with cutlery, plates, glasses and cloths, within 48 hours of collection, when your deposit will be refunded. Please contact us if you have difficulty in doing this.
